IT MUST BE PUSHED NOW.

Fifteen thousand soldiers have sailed from Tampa for Santiago, de Cuba. Time and again it has been announced in the newspapers that troops would sail "to-morrow," and time and again the news has been corrected. This time it must be true because a full and minute description of the sailing has been given.

It must be true, and it ought to be true. The marines on shore at Santiago have held their own magnificently against great odds, but they cannot hold out forever when they are so much outnumbered by the enemy. They need reinforcements, and we have no doubt that the war department appreciates this fact. It seems to an outsider that it was a blunder to place this handful of marines in a position that they had to fight for thirteen hours under very great disadvantage. That so few of them were killed is marvellous, and continues to make people wonder that so few Americans have been killed or injured in this war.

Now that Gen. Shafter's force "are really off," we think that it shows that the authorities now intend to pursue a more vigorous policy, and push the war to a close. Just as the handful of marines at Santiago could not be left without reinforcements, so Gen. Shafter's 15,000 will need reinforcements. It farther shows that the landing of troops will not be delayed until after the rainy season in Cuba. The country will now expect more activity and energy in equipping and preparing the troops at Chickamauga. They are now wholly unprepared to go to the front. They lack uniforms and are unarmed. They are not drilled, and cannot be thoroughly drilled until they get arms.

Of course, it takes some time to equip and prepare an army of 200,000, especially when most of the soldiers are raw recruits, who have never drilled, but it does seem that arms should have been in the hands of the soldiers long ago.

The indications are that the Democratic party, which is generally conservative, will oppose the annexation of the Philippines or any territory that may be possessed by our armies in the war with Spain. The Republican party, which has always stood for radical changes in our national policy, will favor annexation. Mr. Bryan has squarely opposed annexation. At the University of Virginia, which the New York World refers to as "the creation of the founder of the Democratic party," an anti-free silver Democrat sounded a note of warning against departing from the wise policy of our Democratic fathers.

Unquestionably if the Democratic party shall hold to its faith, it will oppose annexation of the Philippines, Hawaii, Porto Rico, or any other islands or territory not now owned by the United States. If we annex these islands, what shall we do with them? Can we ever make State of them? Will not their peculiar inhabitants, so different in civilization from us, be a source of trouble to us? Can they ever become adapted to our institutions? Annexation, we fear, will mean the necessity of maintaining a large standing army, and certainly will add greatly to our already immense sea-coast, which we will be obliged to defend.

If the islands fall into our hands, hold them as an indemnity, but sell them. They will be a constant source of trouble. Annexing them to the United States will mean still one more very dangerous step towards centralizing power at Washington, and will tend more and more to wipe out State lines, and with this will go State sovereignty.

Mr. JOHN J. McMAHAN is a candidate for State Superintendent of Education, and we hope that he will be nominated in the Democratic primary. Mr. McMahan was born in Fairfield County, and lived in it until he entered the South Carolina College. He is fully competent to fill the office, and we trust that the county will give him her vote. He is a man of the very highest character, and while he has been practicing law, we have always felt that Mr. McMahan's talents should have led him to follow teaching or some calling that would identify him with the educational interests of the State. It is the natural bent of his mind. He possesses an exceedingly bright mind, and has always been a student. He is thoroughly in sympathy with the best educational interests of the State, and we believe that under his administration the standard and efficiency of our schools will be advanced.

It is with general regret that the alumni of the South Carolina College hear of Dr. Patton's having resigned his chair in the faculty of the South Carolina College. This venerable professor loved the very clime on the old campus, he verily believed that to walk under them was an inspiration for the higher things of life. His genuine love for Latin and Greek was catching, and there are hundreds and hundreds of young men throughout the State who will sincerely deplore that Dr. Patton no longer occupies his chair of ancient languages.

It is now reported that General Lee has received orders to prepare an army of 40,000 men to move on the Cuban capital, and that General Lee will draw from all the camps. It is hoped that the South Carolina regiment will be equipped in time to join Lee's army. It is currently reported that General Lee would like to have the South Carolinians under him, and we feel sure that our boys would be pleased to serve under Lee. The New York World is authority for the information that Gen. Wheeler's cavalry will form a part of the command, and that the reason Gen. Lee has been selected to move on Havana is because he has a thorough knowledge of that part of Cuba. It is explained that as soon as Santiago is captured and Porto Rico is disposed of, that an attack will be made by Sampson on Havana, and Lee's army will attack from the rear.

The newspapers are talking a great deal about a conflict in views between General Miles and the administration, and that Miles will be put in the background, and some other man put in active charge of the army of invasion. There may not be any truth in this. Some of the dispatches say that there is no truth in it. Still the newspapers have a way sometimes of ferreting out information, and it may all be true. It is said that General Miles has too much red tape about him, and that he is not aggressive enough. Whatever may be the true state of affairs, nobody in this section would kick, if Miles was kicked out. A man who tries to humiliate a man like Jeff. Davis by putting chains on him, when there was no use for it whatever, cannot command the full respect and confidence of Southern soldiers.

The country will breathe easier when Hobson and his men shall have been exchanged. The death flag has been placed over Morro Castle, and it is not known whether it is intended to convey the intelligence of Hobson's death or whether the flag was hoisted in honor of the dead Spaniards killed in the bombardment. Nobody has any confidence in the Spaniards, and the country will be anxious for the safety of these brave Americans in their hands until they are beyond Spanish hands.

The State candidates will speak in Winnsboro on the 26th of July. We mention it now, because there may be some people who may want to attend the meeting, and as we along with so many other people are not much interested in this campaign, we may overlook it. The first meeting was held in Orangeburg on last Wednesday, but it is reported as a very tame affair—doubtless one of the good effects of the war.

The Augusta Herald, which has just been placed on our exchange list, and one of the best evening papers in this section, as will be seen by a clipping elsewhere, seems struck with the number of candidates in this country. Really, THE NEWS AND HERALD would like to have several hundred.

MYRTLE NEWS.

Since my last "dot" there has been a postoffice established at Mr. E. A. Davis' store, which is very handy. The mail comes three times a week. Mr. E. A. Davis, our popular country merchant, is postmaster. There is a very large mail from this place considering the size of our prosperous and thriving little town.

The dust has been settled by the recent rains and a very nice season has been realized, very much to the satisfaction of the farmers. Things had begun to get awful dry and dusty, but the rain came in time to revive most of the crop except gardens, which had parched up beyond recovery.

There was a very heavy wind and thunder storm on the 16 inst., which did a great deal of damage to fruit trees and other crops. One of our most prosperous farmers had 200 or 300 large prize trees blown down on about two acres of land. Farmers are all about through harvesting their grain; some have not harvested their wheat in. A fine crop of oats was gathered in this section. Wheat was planted quite extensively last fall, and I think all those who did plant were wise, for it has made a fair yield.

Cotton and corn are doing as well as could be expected. Corn had begun to dwindle before the rain, but I think this will revive it somewhat.

Miss Mattie Cooper has been very ill for a long while, but glad to report that she is improving.

There was quite a large crowd at "the center" last Sunday evening.

Miss Dora Heins, one of our most attractive young ladies, has returned from an extended visit to relatives in Ridgeway.

One of our most popular young ladies, Miss Ella Wilson, is visiting in Chester county.

Miss Carrie Heins is visiting in Ridgeway.

CHILDREN'S DAY AT WINFORD.

Mr. Editor: "Children's Day" was celebrated at Mt. Zion Baptist Church last Sunday. There was a vast crowd of our friends present. All of the denominations in the community were well represented. During the exercises as I looked into the beaming countenances of those present, I realized more fully than ever that we all serve the same God and look to the blood of the Lamb to wash away our sins and make us whiter than snow. Surely the promptings that assembled so many on this occasion are expressed in these lines:

"More about Jesus would I know,
More of His grace to others show,
More of His saving faithness seek,
More of His love who died for me."

After singing an appropriate hymn, the exercises were opened with prayer by our young brother, Tillman Kilgo, and was followed by a very pleasing address of welcome by Mr. W. F. Scott. The following is the program:

Hymn No. 96.

Recitation, by Cora Kilgo.

Primary exercises conducted by C. S. Ford.

A Message of Song, by Strother Ford.

Recitation—An Indian's Plea—by Willie Jackson.

Recitation—God's Call—by Johnnie Brown.

Dialogue, by Willie and Lueretia McWaters.

Antem: Come Let Us Sing—by Dr. and Mrs. J. A. Scott, W. F. Scott, and Misses Eva Hall and Alma Lynch.

Recitation—A Christian at Home—by Sumner McWaters.

Recitation—Crucifixion—by Holmes Scott.

Hymn: "My Old Country Home"—by W. F. Scott.

Essay: "One Star Differs from Another Star in Glory"—by Fannie Lee Ford.

Recitation—"Last Hymn"—by Irene Scott.

Dialogue—Sunshine Factory—by Lottie Jackson and Mary Brown.

Address: A Plea for Foreign Missions, by James Kilgo.

Address: A Plea for Home Missions—by Tommie Kilgo.

Address: A Plea for State Missions—by M. L. Austin.

Hymn 185 conducted by the pastor: Prayer by A. N. Keistler.

ATTEST.

Hymn 214.

Prayer, by Rev. M. K. Bell.

Address, by Rev. W. S. B. Ford.

Address, by Rev. H. K. Ezell.

Hymn 302.

Rev. R. A. Young gave us a talk on "Nests." It was very appropriate in deed, showing us how and when bad habits are formed and the difficulty of freeing ourselves from them. It was delivered in his usual gentle, impressive style.

Rev. W. S. B. Ford, in the afternoon, told us about prayer. Saying prayers is not praying. Prayer, he says, to be effectual should be a spontaneous outpouring of the heart's feelings. Many were the beautiful illustrations used. Mr. Ford speaks in an easy, graceful manner.

Last night by no means least, our pastor, Rev. H. K. Ezell, spoke of the "Chapel Car," and impressed upon us the importance of, and good done by, the chapel car service.

The day was very pleasantly and profitably spent, and while it is impossible for us to speak of each one separately we will say that they all acted their parts well and reflect much credit upon our superintendent, Dr. J. A. Scott, and his loving, helpful wife. The doctor is one of the "comforters" of Mt. Zion, and is the life and heart of the Sunday school.

Miss Alma Lynch, of Gaffney, who has been visiting at Mr. W. S. Hall's for quite awhile, left for her home yesterday. During her stay here she has made a host of friends who will sadly miss her.

Mr. Elliott Holmes Hall, of Wolf College, came home yesterday.

Cadet Simon Lumpkin, of Clemson College, and his sister, Miss Susie, who has been attending Mt. Zion Institute in Winnsboro, are with us again. We are truly glad that our young friends have returned after so long an absence.

Miss Kate Harshaw, of York, who has been visiting Miss Ethel Jackson, has returned home. Miss Harshaw won many friends while here.

We had a splendid season this afternoon after a drought of more than seven weeks.

PRODUCTS OF THE SHORTER CATECHISM.

Here it is again. The New York Commercial Advertiser says: "Admiral Sampson is a religious man. He is a member of the Presbyterian Church of the Covenant in Washington, and the Methodist Society, which is a literary club connected with the church. He was always regular in his attendance during the several years that he was stationed in Washington, and took a great deal of interest in philanthropic work." This is related when Commodore Sampson's first entered the navy he was devoted to religious work among his companions, and that he remembered for a long time the lessons in the Shorter Catechism, which he learned at his old home in Hagerstown, Maryland. With Dewey at Manila, and Sampson and Schley at Santiago, all of whom were brought up on the strong meat of the Word, it is dead sure that they were predestined to achieve victory and glory for the American arms. We have not yet been quite able to place "Fighting Bob" Evans, but from the special newspaper reports he can swear like the Royal Bard of Israel and must be near of kin to the Psalm-singing Presbyterians.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Discrete fastened its clutches upon her and for seven years she watched its secret test, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumptive Cough, and she was able to place "Fighting Bob" Evans, but from the special newspaper reports he can swear like the Royal Bard of Israel and must be near of kin to the Psalm-singing Presbyterians.

Writes Mrs. Luther Lutz. "Thus writes M. C. Hammick & Co., of Shelby, N. C. Trial bottles free at McMaster Co's drug store. Regular size 50c and \$1.00. Every bottle guaranteed."

THE PRESS.

Different Views on Subjects of One Kind and Another.

Augusta Chronicle.

The Dixie ought to have a place in the convey that carries over Pittsburgh Lee's troops.

Greenville News.

The Greenville News nominated United States Senator George Tillman in 1896—twelve years ago. If he had "minded" us then he would have saved this State a good deal of trouble.

Albany Journal and Review.

Major General M. C. Butler's admirers are to present him with a horse, and he will accept it on condition that it is not a white one. Gen. Butler has three white horses shot from under him during the late war.

Greenville News.

Uncle George Tillman ought to read some encouragement in the fact that prohibitionists and the dispensary advocates have both begun to attack his position. As the people are probably against both, these assaults ought to gain some support for him.

Orangeburg Times and Democrat.

One of the unwritten laws of the South Carolina Democracy has been to give governors two terms, and after taking an impartial view of the situation we have come to the conclusion that Governor Ellerbe is entitled to the benefit of this unwritten law.

Greenville News.

One of the few good results we can foresee from the annexation of the Philippines is that it would hasten the opening of the Nicaragua canal. Even that advantage, however, would be more than offset by a host of evils and the canal must be dug whether we hold the Philippines or not.

Danmark Times.

It is said that "Uncle" George D. Tillman, the sage of Clark's Hill, will certainly be in the race for governor. "Uncle" George has many warm, staunch friends in this part of the political vineyard, many of whom would like to support him, but will not do so because they feel that Governor Ellerbe has made a good executive and that he is entitled to a second term.

Blufffield Monitor.

At this writing (Wednesday morning) we cannot say positively that Hon. G. D. Tillman will be a candidate for governor, although there is yet time for the filing of his pledge, which must reach Columbia by midnight of the 15th. In our mind there is no question of his duty in the matter. He should make the race, his election or defeat being secondary considerations. He is the peer of them all in wisdom and statesmanship and just at this time, when the tax payers of this State remember the deplorable condition of State and county finances, and when they remember the constant increase in taxation, it must occur to them that the masterful brain and determination of George Tillman can lead them away from the wilderness. If he makes the race and if the right prevails Tillman will be our next Governor.

Santer Watchman and Southern.

We had hoped that when the First Regiment, S. C. Volunteers, escaped from Calumet there would be beyond the reach of the newspaper reporters who slept over daily, whenever a chance arose to mention the name of Lieut. Colonel Jim Tillman; but not so, the villains pursue him still, and the reading public is weary of the daily stop on telegraph. If strictly reading matter advertising is worth anything, Col.
